

Notice of Roundabout Public Education Centre

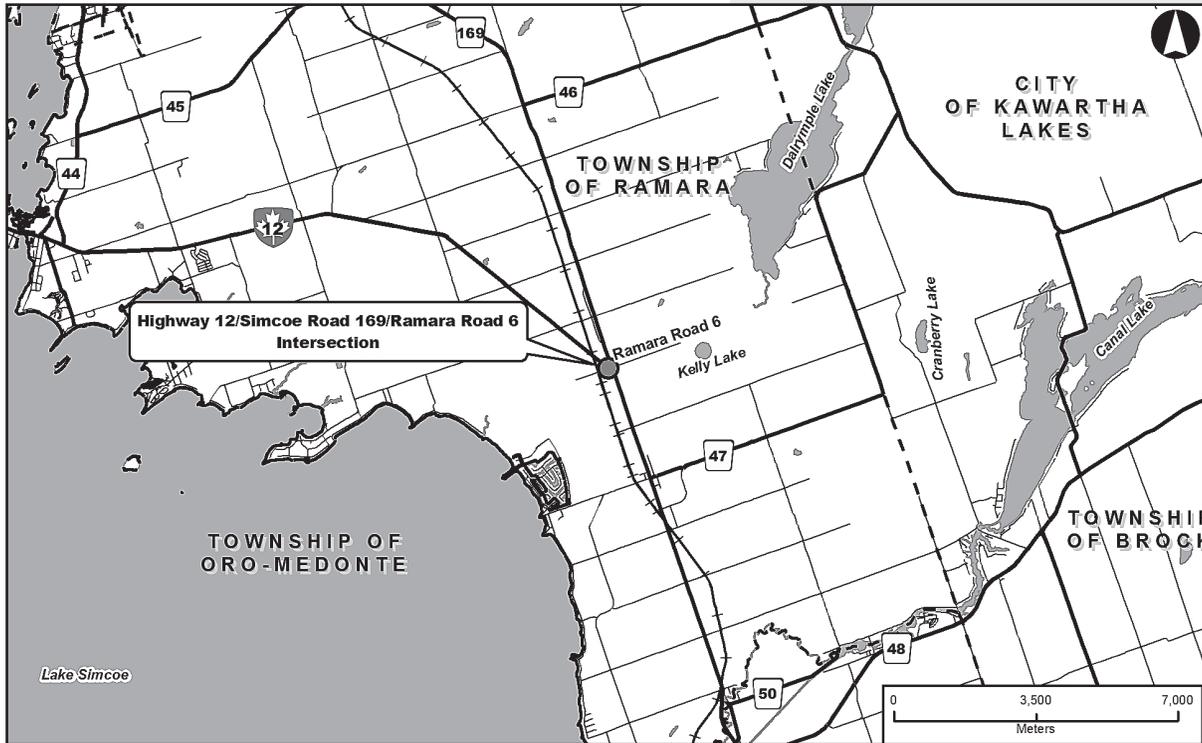

For the Highway 12/Simcoe Road 169/Ramara Road 6

Roundabout & Intersection Improvements

Township of Ramara, County of Simcoe G.W.P. 2088-17-00

THE PROJECT

Morrison Hershfield Limited has been retained by the Ministry of Transportation (MTO) to complete a Detail Design and Class Environmental Assessment Study for the design of the Highway 12/Simcoe Road 169/Ramara Road 6 Roundabout and associated intersection improvements in the Township of Ramara, County of Simcoe (see below Key Plan).

The project scope includes the replacement of the un-signalized intersection of Highway 12 with Simcoe County Road 169 and Ramara Road 6 with a four-leg single lane roundabout to address future traffic capacity warrants and improve long-term safety performance. The project will enhance operations and safety at the Highway 12/Simcoe County Road 169/Ramara Road 6 intersection.

BACKGROUND

The roundabout, currently under construction, is nearing completion and the project team will host this Roundabout Public Education Centre (RPEC) prior to the reconstructed intersection fully operating as a roundabout, expected in mid-October. This project followed the approved planning process for a Group 'C' project in accordance with the *Class Environmental Assessment for Provincial Transportation Facilities (2000)* and provided the opportunity for public input throughout the project. Complete construction of the project is anticipated by the end of November 2022.

ROUNDBOUT PUBLIC EDUCATION CENTRE

An online RPEC will be held for this project between **October 10, 2022** and **October 24, 2022**. The presented materials will be available as a self-directed education process during the above timeline. The online centre will provide details on how to navigate a roundabout as well as their overall safety benefits. All RPEC materials will be available on the project website at <http://www.highway12at16groundabout.ca>

PROJECT CONTACTS

If you have questions regarding the materials presented as part of the RPEC or questions on how to navigate the roundabout, please contact:

Mr. Jim Scale, P. Eng.
Consultant Project Manager
Morrison Hershfield Limited
1005 Skyview Drive, Suite 175
Burlington, ON L7P 5B1
